

BELLS - BRIGHT COLORS FOR THIS SWEET SUMMER WEDDING

MAR 17 | by Elizabeth Greene | comments | details

With ringing bells and warm colors, these two became husband and wife and we have the perfect pics by Callie Davis of Nancy Ray Photography and the film by Life Stage Films to prove it. The Fearrington House played host and event planner and floral designer for this sweet Southern wedding and we can't get enough. But no need to fret, there's plenty of pretty to go around in our Vault right this way!

From the Fearrington House... Ellie and Nick were married August 6th, 2016 at The Fearrington Village. On a gorgeous summer day, these two tied the knot under the Pecan Trees with a beautiful ceremony, and danced the night away in The Fearrington Barn. The couple incorporated details of their venue with custom illustrations featuring drawings of Fearrington's "Shelby" cows and The Barn. Family and friends celebrated the newlyweds with dinner, dancing and an incredible spacer send-off.

From their vows, "I vow to live with transparency, sharing my greatest joys and my deepest sorrows with you as well as everything in between, even when it feels messy and out of control." Congratulations to this wonderful couple!
