

## **PROFESSIONAL PHOTOGRAPHY POLICY**

Farrington Village, which includes Farrington House Inn, Restaurant and Spa, the shops, restaurants, grounds, gardens and pastures and farm animals, is a private property. We are committed to providing a truly comfortable and enjoyable experience for our guests.

Please note that to accommodate their needs and privacy, to protect the condition of the gardens and grounds, and to avoid conflict with previously scheduled events, unauthorized professional photography is not allowed in the Village Center.

### **Does This Policy Affect You?**

You are welcome to take photographs on our grounds if you:

- are a customer, visitor, nature or garden lover, fan of our farm animals, etc. taking informal photographs to capture the moments of your visit
- have contracted with our special events team to host your wedding ceremony, reception or another event at Farrington

You may not take photographs on-site if you are a professional photographer and:

- are photographing posed portraits capturing offsite events such as an engagement, prom, graduation, or wedding
- are taking commercial product or fashion shoots without prior approval

### **Alternate Venue**

Professional portraits may be taken in Camden Park, a 17-acre park adjacent to the Village Center. We own and maintain Camden Park; it is available free of charge, and no registration is necessary. It has walking paths, two large ponds connected by a brook, a wildflower garden, lawns, and other beautiful backdrops. We ask however you are respectful of others, for example by not blocking walking paths.

We reserve the right to change this policy at any time. Questions? Contact our special events team at 919-542-2121.
